

DESCRIPTION

General description			90° corner protector on aluminium core
Angle		°	90
Wing width (internal)		mm	75 or 50
Thickness		mm	2
Weight		kg/lm	1,5 (Combo'Corner 75) 1,05 (Combo'Corner 50)
Length		lm	1,3 / 2 / 4
Surface			Slightly textured (Optimixt grain) or smooth

CLASSIFICATION

Fire reaction	EN 13 501-1	class	B-s2,d0
	NFP 92 – 507	class	M1

PERFORMANCE

Chemicals resistance			Anios compliant
anti-bacterial activity (E. coli – S. aureus – MRSA) (1)	JIS Z 2801	-	> 99% inhibits growth
TVOC emission	EN 16000-6	after 28 days	< 100µg/m ³

(1) The implementation of an effective cleaning method is the best defence against infection.
